

Now, there is an **easier way** to burp your baby to **end wind and gripe.**

Just one teaspoonful of Woodward's™ Gripe Water is all it takes to relieve your crying baby from stomach wind and gripe. Originated from England, with Dill Seed Oil to break down trapped air bubbles and Sodium Bicarbonate to neutralize stomach acid, Woodward's™ Gripe Water is the non-alcoholic relief that mothers prefer.

***We've been burping babies for generations.***

Available at all leading pharmacies, hypermarkets, supermarkets and medical halls.
